TECHNICAL STANDARDS FOR PHYSICIAN ASSISTANT STUDIES

The Mount St. Joseph University Physician Assistant program has established specific technical standards for admission. These standards reflect the minimum mental and physical requirements necessary to become a Physician Assistant. Candidates for the Mount St. Joseph University PA program should review these standards before making the decision to apply. While not a component of the program application, students invited to enroll in the program, will be required to provide an attestation statement from a health care professional (i.e., MD, PA or APRN) verifying that the student meets these technical standards. Students who need accommodation must meet with the University's Director of the Learning Center and Disability Services to make this determination.
